

SHIPPING POLICY

Dispatch, Delivery & Logistics Guidelines

Document ID: SE-POL-SH-2025-04 | Version: 2.6 | Effective Date: 01 March 2025 | Last Reviewed: 03 April 2026

1. Introduction

ShopEase Pvt Ltd ('ShopEase', 'we', 'us') is dedicated to ensuring fast, reliable, and transparent delivery of orders placed on the ShopEase platform (web and mobile applications). This Shipping Policy defines the rules, timelines, carrier arrangements, and conditions that govern the dispatch and delivery of orders to customers ('you', 'the Buyer') across India. By completing a purchase on ShopEase, you accept the terms of this policy in full. ShopEase reserves the right to update this policy; the version active at the time of order placement shall govern that transaction.

2. Key Definitions

- Estimated Delivery Date (EDD):** The projected delivery date shown at checkout, calculated from the dispatch date plus the applicable transit SLA for the destination pincode.
- Dispatch Date:** The date on which the packed shipment is handed over to the logistics partner and a tracking ID is generated.
- Standard Order:** A single-transaction purchase of 1–9 units of the same SKU by an individual buyer account.
- Bulk Order:** A purchase of 10 or more units of the same SKU, or any order whose pre-tax cart value exceeds ₹50,000, within a single transaction.
- ShopEase-Fulfilled Order (SFO):** An order stored, packed, and shipped by ShopEase's own fulfilment centres using ShopEase Logistics or a contracted carrier.
- Seller-Fulfilled Order (SeFO):** An order dispatched directly by a third-party marketplace seller. Seller SLA commitments may differ from ShopEase SLAs.
- Serviceable Pincode:** A delivery location covered by ShopEase's logistics network or an authorised third-party carrier partner.

3. Shipping Timelines & Service Levels

Delivery timelines are calculated in business days (Monday–Saturday, excluding national public holidays) unless stated otherwise. Transit times begin from the Dispatch Date, not the order placement date.

Order Type / Delivery Tier	Processing Time	Transit SLA	Total EDD
Standard – Metro Cities*	1 business day	1–2 business days	2–3 business days
Standard – Tier-2 / Tier-3 Cities	1 business day	3–5 business days	4–6 business days
Standard – Remote / Rural Pincodes	1 business day	5–8 business days	6–9 business days
Bulk Order – Metro Cities	2–3 business days	2–4 business days	4–7 business days
Bulk Order – Non-Metro	2–3 business days	5–7 business days	7–10 business days
ShopEase Express (paid upgrade)	Same-day dispatch	Next-day delivery	1 business day
Seller-Fulfilled Order	Per seller SLA (shown at checkout)	Per seller SLA	Varies
Heavy / Oversized Items (> 25 kg)	2 business days	5–10 business days	7–12 business days

* Metro Cities: Mumbai, Delhi NCR, Bengaluru, Hyderabad, Chennai, Kolkata, Pune, Ahmedabad. Express delivery is available only for SFOs at select pincodes and is subject to stock availability at the nearest fulfilment centre.

4. Scenario-Specific Shipping Conditions

4.1 Standard Orders

- Orders placed before **2:00 PM IST** on a business day are eligible for same-day dispatch (SFO only); orders placed after 2:00 PM are dispatched the following business day.

- Each order receives a unique AWB (Air Waybill) tracking number via email and SMS upon dispatch.
- ShopEase does not guarantee same-day dispatch for orders placed on public holidays, irrespective of order time.
- If an item is out of stock after order confirmation, the customer will be notified within 24 hours and offered a full refund or an equivalent substitute.
- Multi-item orders may be split across multiple shipments; each sub-shipment will carry a separate tracking ID. No additional shipping fee is charged for split shipments.

4.2 Bulk Orders

- Bulk orders require a mandatory address verification call from ShopEase's logistics team within 24 hours of placement before dispatch is initiated.
- Bulk orders are dispatched using dedicated freight partners; standard courier SLAs do not apply.
- Delivery is made to the ground floor / loading dock by default. Installation, floor-wise delivery, or unpacking assistance is not included unless a paid 'White Glove' service is selected at checkout.
- Bulk orders to remote/rural pincodes (as defined by ShopEase's pincode master) may incur an additional logistics surcharge displayed at checkout.
- Partial delivery of bulk orders is permitted in cases of carrier capacity constraints; the remaining items will be delivered within 3 additional business days at no extra charge.
- Bulk orders cannot be redirected to an alternate delivery address once dispatch has been initiated.

4.3 Damaged Items During Transit

- Customers must inspect parcels at the time of delivery. If a package shows **visible external damage**, the customer is entitled to refuse delivery; the shipment will be returned to the origin at no cost.
- If damage is discovered post-delivery, it must be reported within **48 hours** for SFOs and within **72 hours** for SeFOs via 'My Orders > Report a Problem', with photographic/video evidence.
- ShopEase will arrange a reverse pick-up for damaged SFO items within 2 business days of claim approval. Replacement dispatch follows within 3 business days of item receipt.
- For SeFOs, damage liability rests with the seller. ShopEase mediates; if the seller does not respond within 5 business days, ShopEase assumes liability and processes the replacement or refund.
- Damage caused by improper storage, misuse, or tampering by the customer after delivery is not covered under transit damage provisions.

4.4 Delayed Delivery

- If an SFO has not been delivered within **3 calendar days past the EDD**, the customer will receive an automated **₹75 ShopEase Voucher** as a goodwill gesture.
- If an SFO remains undelivered **7 or more calendar days past the EDD** and has not been cancelled, ShopEase will initiate a lost-shipment investigation. Resolution (replacement or full refund) is provided within 7 business days.
- Delays due to force majeure (floods, strikes, government restrictions), incorrect address provided by the customer, or failed delivery attempts due to customer unavailability do not qualify for delay compensation.
- For SeFOs, delay complaints are forwarded to the seller within 24 hours. If the seller fails to provide an update within 3 business days, ShopEase will escalate and offer the customer a full refund.
- ShopEase Express orders delayed beyond the guaranteed next-day delivery date are eligible for a full shipping fee refund, credited as Refund Credit within 48 hours.

5. Shipping Charges

Order Value (Pre-Tax)	Standard Shipping	Express Shipping
Below ₹499	₹49 flat fee	₹149 flat fee
₹499 – ₹999	₹29 flat fee	₹99 flat fee
₹1,000 and above	FREE	₹79 flat fee
Bulk Orders (any value)	Calculated at checkout	Not available
Heavy / Oversized Items	₹199 – ₹499 (weight-based)	Not available

Free shipping applies to SFOs only. Seller-Fulfilled Orders may carry separate shipping fees set by the seller and displayed on the product and checkout pages. Shipping charges are non-refundable unless the order is cancelled before dispatch or the delay/damage is attributable to ShopEase.

6. Non-Serviceable Locations & Restricted Items

- ShopEase currently does not deliver to certain union territories, restricted border zones, and pincodes flagged as non-serviceable. Customers can verify serviceability on the product page by entering their pincode.
- International shipping is not available at this time. All orders must have a delivery address within India.
- Certain product categories (e.g., lithium-ion batteries above 100 Wh, flammable liquids, aerosols) are subject to carrier restrictions and may only be shipped via ground transport, extending the SLA by 2–4 business days.
- Cash on Delivery (COD) is not available for Bulk Orders, Express shipping, or orders with a cart value exceeding ₹20,000.
- P.O. Box addresses are not accepted as delivery addresses for any order type.
